The 6th ICIS European Butadiene & Derivatives Conference from September 13th to 14th, 2017

From September 13th to 14th, we will be attending the 6th ICIS European Butadiene & Derivatives Conference, which will be held in Munich, Germany. The conference is dedicated to "Discovering new market opportunities in light of recovering global demand".

Arnd Schade, Market Segment Head of our newly established segment Rubber & PE Monomers is looking forward to the opportunity to touch-base with many of our customers and business partners in the course of the conference.
